GERMAN ENVOYS' GUARDS INCREASE WATCHFULNESS

UNITED STATES REFUSES TO INDOSE 5 BILLION DOLLAR LOAN TO FOES

PARIS, May 5.—The British plan to re-establish credit conditions in Europe by having Germany issue a lot of bonds up to \$5,000,000,000 with the United States and all countries of Europe becoming the guarantors of these bonds, is absolutely inadmissible, and will not be entertained by the United States.

A leading financial expert of the American peace delegation declared today:

"This is the view of President Wilson, the American Finance Committee, and the United States Treasury." He added:

"The near result of all propositions so far has been to make America the goat. We will help the European nations, big and small, as much as possible, but we will work on a purely American formula and not a British one or a French one."

"It is suggested that the United States furnish the working capital to Germany in order to start the wheels for the payment of the reparations."

"We cannot see the point of taking all of Germany's working capital by rigid reparations and then turning to America to make up the resulting deficit."

YOUTH ADMITS HE INTENDED TO ATTACK CLEMENCEAU

PARIS, May 5.—The youth who was arrested outside the home of Premier Clemenceau has admitted to the police that he intended to attack M. Clemenceau with a knife which he carried.

A black flag with an anarchistic inscription and anarchistic literature was found in his possession.

"JESSE" PASSES THROUGH CITY

(Continued from First Page.)
though a report from Charlottesville says they have been held in readiness to make the trip tonight that they may be on hand to guard the court-house tomorrow.

Morris will be taken to the court, arraigned, and immediately returned to Charlottesville, as a precaution against any move his followers from the Blue Ridge may make to liberate him.

To Hold Conference.
A conference will be held between the sheriff, Judge John W. Fishburn, and Prosecutor Clarence E. Gentry on the arrival of the party with the prisoners at Charlottesville.

It is the belief of the officers that the formal trial of Morris will not begin until the first Monday in July. So intense is the feeling between the various factions of Morris and Shifflett in Greene county that the sheriff holds it would be impossible to draw a jury at this time without considerable trouble.

It was stated today by the officers that Charles A. Hammer, an attorney of Harrisonburg, Va., had been engaged by friends of Morris to defend him at the trial. The same counsel will represent Herman Shifflett, who is already in the Greene county jail charged with being an accomplice of Morris and an accessory before the fact.

No motion has yet been made. Sheriff Malone said, for a change of venue for Morris and Shifflett.

Home of Officials.
Should there be a change of venue it is probable that the trial will be in Charlottesville, since that is the home of the judge and the prosecuting attorney in the case. The case would consume several days, and facilities at the little county seat of Stanardsville are not considered adequate for such a hearing.

Another argument in favor of Charlottesville is that there would be little likelihood of an effort on the part of Morris' followers from the Blue Ridge staging a fight for his liberation.

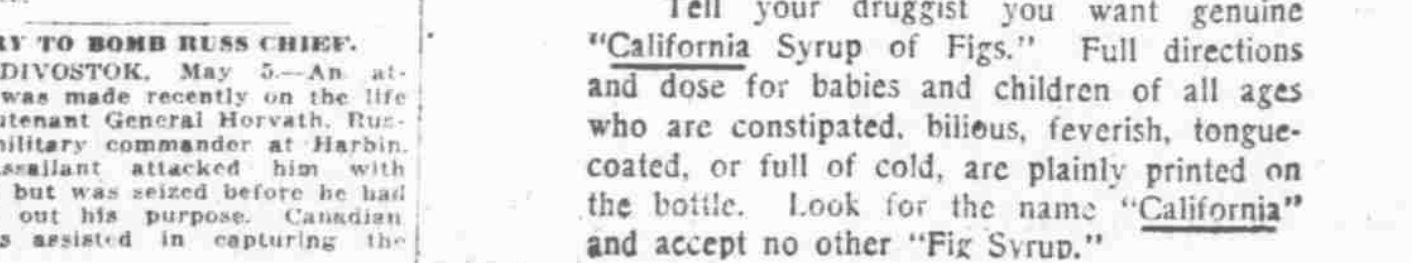

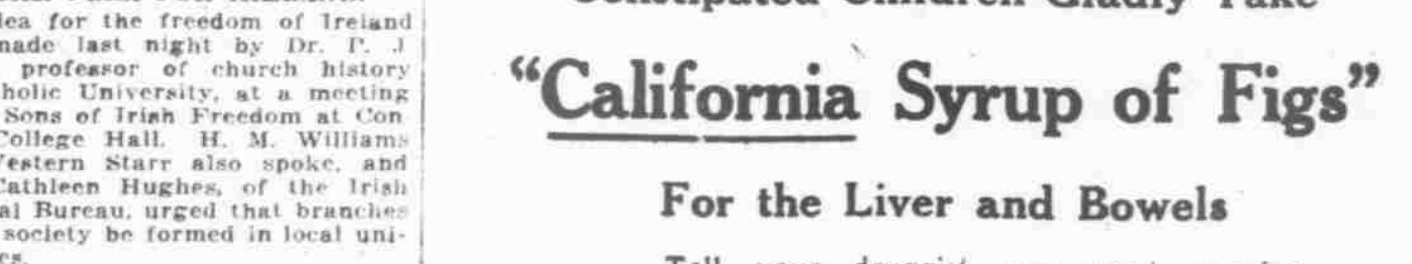

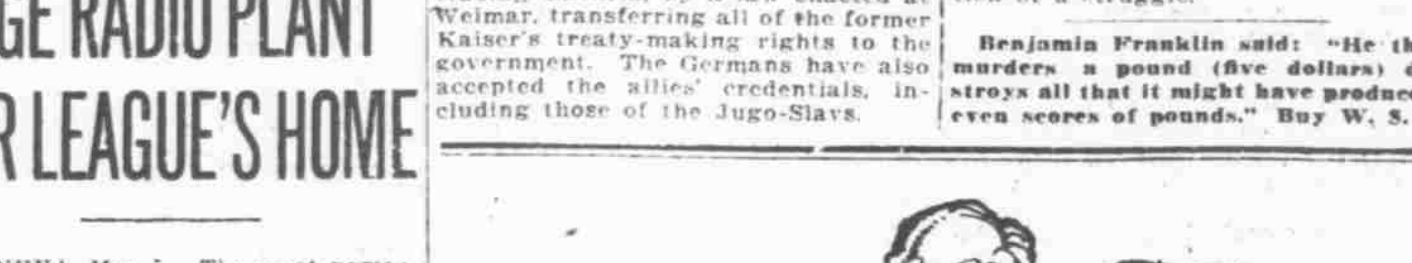

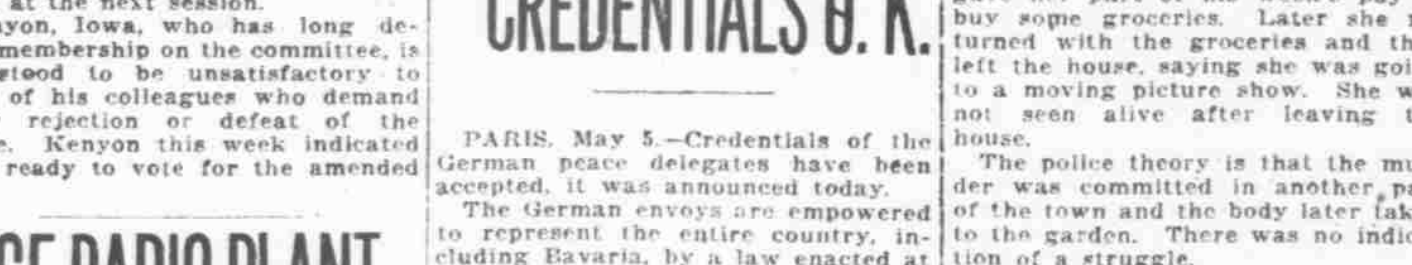

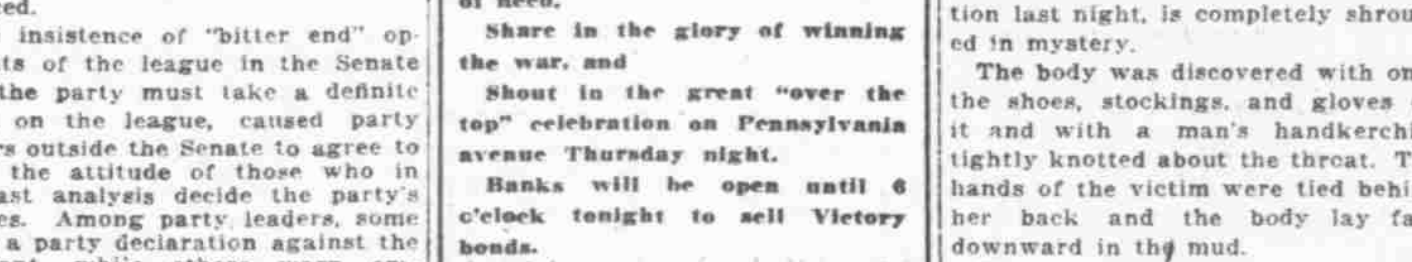

Sheriff Malone stated that Morris, who had chosen for himself the name of Jesse James the Second, and who boasted he would never be taken alive, had given him no trouble since they left Wilkins.

When the party passed through here today Morris had lost his bag-gadocio. He was meek and submissive. The sheriff said that he did not demand extradition papers after he was assured he would be given a square deal and that every precaution would be taken to protect him.

KILLS EX-WIFE; THEN SELF.
BLITHEVILLE, Ark., May 5.—Joseph Boyd, well-known farmer, went to the home of his divorced wife and shot her through the breast once and immediately. Boyd then walked about a mile from the scene of the homicide, shot down by the roadside, and fired a bullet from the same revolver through his own heart.

THE MAN WHO WON'T DO HIS SHARE

LAY PLANS TODAY FOR V LOAN FETE

(Continued from First Page.)
clude all subscriptions up to Saturday night. However, indicate that more than \$10,000,000 must be raised between now and next Thursday night, when the celebration is to be held. The figures place the total of subscriptions at \$9,751,850, with 47,982 individual subscribers.

"A big order," said workers today when asked if the District's quota would be raised in time for the big "do" in Iowa Thursday, "but it can be filled, and we're doing everything in our power to speed up the drive for funds."

Climax This Week.
The big drive for funds which started two weeks ago and so far has resulted in approximately \$10,000,000 in subscriptions will reach its climax this week, when a whirlwind smash for the District's share will mark the wind-up.

With every bank in Washington opening a half hour earlier than usual and remaining open until 6 o'clock, with committees pushing the sales to the limit and with thousands of salesmen and saleswomen making a house-to-house canvass of the city, workers expect that the District will go over the top by Thursday night, when the big celebration is to be held.

The Central Victory Loan Committee today refused to believe that Washington will be found among those missing from the winners in the big push for funds. That the people will meet their responsibility in this loan drive as they have in previous loans is the belief of members of the committee.

They are confident that the people will not leave the matter in doubt until the last minute, but with one great pull put the city well within the winning mark by Thursday.

The announcement yesterday that prizes are to be awarded for the best costumes worn at Thursday's carnival has aroused much interest. Automobile owners also are after the prize which the committee will award for the automobile which is most attractively decorated. Another prize will be offered for the automobile carrying the prettiest girl. The car must be driven by a girl and have at least three other girls in it.

Olaf Hanson to Speak.
Olaf Hanson, mayor of Seattle, whose differences with I. W. W. rioters made him famous, will deliver an address at the opening of the carnival, at a mass meeting on the Ellipse. The celebration is scheduled to begin promptly at 7:30 o'clock Thursday evening.

Yesterday's features of the loan drive were three mass meetings, which were attended by more than 25,000 persons and a life-saving drill, which attracted a great throng.

Dr. Alfred Nerinx, burgomaster of Louvain, Belgium, during the four years of occupation by the Germans, was the principal speaker at the meetings. At the rally in Liberty Hut Dr. Nerinx spoke to a large audience. He was cheered when he said:

"In the midst of all this sorrow our people did not give up. We knew that the French and British armies were back of us, and we felt sure that the Americans, who did so much to alleviate our sufferings, would eventually come to our aid with men and guns. And you did send men and they turned the tide of battle and made possible the winning of the great victory."

Rabbi Stephen S. Wise, who has just returned from Paris, where he attracted a great throng.

The body was discovered with only the shoes, stockings, and gloves on it and with a man's handkerchief tightly knotted about the throat. The hands of the victim were tied behind her back and the body lay face downward in the mud.

The woman's clothing had been torn to shreds. The body was covered with scratches like those of human finger nails. In a little pile of torn garments the police found Mrs. Broadwell's watch and an empty purse.

Mrs. Broadwell, who is the mother of three small children, left her home Saturday evening after her husband gave her part of his week's pay to buy some groceries. Later she returned with the groceries and then left the house, saying she was going to a moving picture show. She was not seen alive after leaving the house.

The police theory is that the murderer was committed in another part of the town and the body later taken to the garden. There was no indication of a struggle.

Theaters throughout Washington have done more than their share in boosting the loan campaign. Committees to the Treasury today. At the Knickerbocker Theater, Eighteenth street and Columbia road, last night \$20,000 was realized.

3 STATES CLAIM LOAN RACE HONOR

Rivalry for honors as the first State to complete its Victory Liberty loan quota has resulted in a dispute between Oregon, Iowa and Michigan.

Oregon, according to official reports to the Treasury today, has oversubscribed her quota without the assistance of banks. Her loan directors now accuse Iowa and Michigan committees with having permitted banks to underwrite the subscriptions in those States.

In a telegram to national war loan directors, the Oregon State committee lays formal claim to the distinction of having finished the job first, and demands proof that Iowa and Michigan had not let the banks carry their allotment instead of distributing it in individual subscriptions.

POLK MAY RESIGN.
NEW YORK, May 5.—A Washington dispatch to the New York Tribune says, in part: "Frank Lyon Polk, counselor of the State Department and Acting Secretary of State while Secretary Lansing has been in Paris as a member of the American peace delegation, will resign upon the return of Mr. Lansing to this country. If Mr. Polk's resignation is not accepted, it is known he will ask for an extended leave of absence, for the condition of his health is such that to continue the arduous tasks he has performed in the State Department, his physicians state, will mean a complete breakdown."

SUBURBAN TOWNS HOLDING ELECTIONS

The incorporated municipalities in Prince George's county, Maryland, are today holding their local elections. Montgomery county is also having primaries at which the Democratic ticket is expected to hold full sway as usual.

In Capitol Heights the present mayor, John Gabriel, is encountering no opposition for re-election.

The present mayor of Hyattsville W. A. Brooks, is being hotly contested by Mathew F. Halloran, of the United States Civil Service Commission.

Ferry Boswell, of Mt. Rainier is opposed for re-election by Fred H. Weber, who has already served several terms in the chair.

Much interest is being shown in the Mt. Rainier and Hyattsville elections since they have a common interest in the late agreement of their water supply.

The commissioners of Bladensburg were elected last May, so there will be no election there for another year.

SOUND G. O. P. MEN FOR LEAGUE OPINION

Quiet soundings are being taken among Republican party leaders who have not openly expressed their views on the League of Nations, but whose views must be considered before a party decision can be announced.

The insistence of "bitter end" opponents of the league in the Senate that the party must take a definite stand on the league, caused party leaders outside the Senate to agree to learn the attitude of those who in the last analysis decide the party's policies. Among party leaders, some favor a party declaration against the covenant, while others warn emphatically that such action will spell disaster.

The unobtrusive inquiry now going on is expected to go far toward deciding which group shall prevail.

League opponents insisted today any Republican who favors the league will have difficulty getting on the Foreign Relations Committee, to which Republican members are to be added at the next session.

Kenyon, Iowa, who has long desired membership on the committee, is understood to be unsatisfactory to those of his colleagues who demand either rejection or defeat of the league. Kenyon this week indicated he is ready to vote for the amended pact.

HUGE RADIO PLANT FOR LEAGUE'S HOME

GENEVA, May 5.—The most powerful wireless plant in the world is being erected here adjacent to the building housing the headquarters of the League of Nations. Near by will be a huge international aerodrome.

The delegates to the league are expected shortly, and Sir Eric Drummond of England, general secretary, probably will come from Bern next week.

Already hotel accommodations and villas are at a premium.

Sir Eric's task will be to arrange for the international archives.

The authorities have been notified that the site will cover the half of one square mile and that it will be located on the lake front.

Several old Geneva families owning estates on the lake have offered ground for sale.

The local authorities are giving every assistance possible and will increase their aid when the representatives arrive on the scene.

Diplomatic rights will be recognized, and Swiss military neutrality will be recognized by the government after the league secretariat is eventually established here.

MAKE PLEA FOR IRELAND

A plea for the freedom of Ireland was made last night by Dr. P. J. Healy, professor of church history at Catholic University, at a meeting of the Sons of Irish Freedom at Conzaga College Hall. H. M. Williams and Western Starr also spoke, and Miss Cathleen Hughes, of the Irish National Bureau, urged that branches of the society be formed in local universities.

TRY TO BOMB RUSS CHIEF

BODY OF WOMAN IS FOUND IN GARDEN

BARRE, Vt., May 5.—The State and local police declared today that the brutal murder of Mrs. Mary E. Broadwell, twenty-nine, whose body, almost nude, was found in a garden near the center of the business section last night, is completely shrouded in mystery.

The body was discovered with only the shoes, stockings, and gloves on it and with a man's handkerchief tightly knotted about the throat. The hands of the victim were tied behind her back and the body lay face downward in the mud.

The woman's clothing had been torn to shreds. The body was covered with scratches like those of human finger nails. In a little pile of torn garments the police found Mrs. Broadwell's watch and an empty purse.
